ECSA - MARITIME SAFETY AND ENVIRONMENT ADVISER

ECSA is the professional association representing the interests of European shipowners. It is established in Brussels with a permanent secretariat since 1965 and works on a daily basis with the EU Institutions. European shipping controls 41 % of the global merchant fleet and is active in all sorts of maritime services.

To reinforce its secretariat in Brussels, ECSA is looking for a

MARITIME SAFETY AND ENVIRONMENT ADVISOR (M/F)

Tasks

- Monitoring and following up developments of EU safety and environment legislative proposals and/or initiatives.
- Communication with the ECSA membership.
- Preparation of ECSA policy views and lobby actions, management of technical committees and working groups.
- Liaison with EU Institutions and the European Maritime Safety Agency

Profile

- Maritime/Nautical background.
- Technical knowledge including on environmental operational issues
- Outstanding command of the English language both written and spoken. Knowledge of French would be an advantage
- Flexible and able to work in a team

Interested candidates should send their letter of motivation together with a CV before 25 July 2008.
